**NOTICE OF PUBLIC COMMENT PERIOD REGARDING
DOE'S ANNUAL REPORT OF THE SITE TREATMENT PLAN (STP) FOR INL
DOCKET NO. 10HW-0707**

In compliance with the Federal Facility Compliance Act of 1992, the Idaho Department of Environmental Quality has scheduled a 30-day period of availability wherein the public may request to review the annual report of the STP prior to state approval.

The U.S. Department of Energy (DOE) has submitted an annual report to the approved STP. The purpose of this Annual STP Report is to provide the status of DOE's progress in treating and developing treatment capacity for the INL and off-site mixed waste identified in the STP. Also, the Annual STP Report provides a mechanism for allowing the public and other interested parties to review and comment on the activities and progress made under the STP. Public input on the proposed report will be considered by the DOE and the Department until December 28, 2007.

The Annual STP Report is available for review, upon request, at either of the following locations:

Department of Environmental Quality
Waste Management & Remediation Division
1410 North Hilton
Boise, Idaho 83706-1255

Department of Environmental Quality
Idaho Falls Regional Office
900 North Skyline Drive, Suite B
Idaho Falls, Idaho 83402

Anyone may submit written comment regarding the report. All written comment and data concerning this report must be directed to and received by the undersigned on or before 5 p.m., MST, December 28, 2007. For more information, call Brian Monson at 208/373-0502 or write to 1410 North Hilton, Boise, Idaho 83706-1255. For technical information, contact Rensay Owen in Idaho Falls at 208/528-2650.

DATED this 28th day of November 2007
